ASSEMBLY TOOLS EXPERTISE

Our assembly tools division at Air Center partnered with Stanley Assembly Technologies to offer a wide variety of exclusive products. Our products include DC electric, battery, and pneumatic assembly tools, torque tubes, and custom-designed productivity solutions. Our tool repair division is an A2LA ISO 17025 Accredited Torque Calibration Laboratory.

Fantastic products, great service and repairs, and certifications customers rely on — it's why Air Center is your trusted assembly tools partner.

OUR SOLUTIONS

Our technicians are certified to assess, calibrate, and repair DC electric, battery, and pneumatic tools and controllers.

We can handle 24 x 7 emergency service with free pick-up and delivery for our local customers and repairing tools in 48 hours for all major brands.

OUR BRANDS

SERVICES AND CERTIFICATION

At Air Center, we don't just sell some of the best assembly tools available — we provide the best service, too! Our services include:

- Accredited ISO 17025 calibration laboratory
- Expert, factory-certified technicians
- Preventive maintenance and calibration
- 24 x 7 x 365 service and repairs
- Pick-up and delivery service for SE Michigan and NW Ohio
- 48-hour turnaround on serviced parts for all major brands of tools
- Monthly and annual service and management programs

ABOUT US

Air Center is your trusted partner for assembly tools. We also provide compressed air systems and services in South Carolina, Eastern Michigan, and most of Ohio. And nationwide, we offer coating and finishing systems as well as industrial supplies.

We're the catalyst for helping American companies and people grow.
